## 4.6 The Legal Framework. Green Deal and SDGs

· What is the European Green Pact?:

The European Green Pact is a package of policy initiatives aimed at setting the EU on the path towards a green transition, with the ultimate goal of achieving climate neutrality by 2050. It is the basis for the transformation of the EU into an equitable and prosperous society with a modern and competitive economy.

**What is the European Green Deal?**

December 2019  
#EUGreenDeal

The European Green Deal is about **improving the well-being of people**. Making Europe climate-neutral and protecting our natural habitat will be good for people, planet and economy. No one will be left behind.

**The EU will:**

- Protect human life, animals and plants, by cutting pollution
- Help companies become world leaders in clean products and technologies
- Help ensure a just and inclusive transition

*"The European Green Deal is our new growth strategy. It will help us cut emissions while creating jobs."*  
Ursula von der Leyen, President of the European Commission

*"We propose a green and inclusive transition to help improve people's well-being and secure a healthy planet for generations to come."*  
Frans Timmermans, Executive Vice-President of the European Commission

**93%** of Europeans see climate change as a serious problem

**93%** of Europeans have taken at least one action to tackle climate change

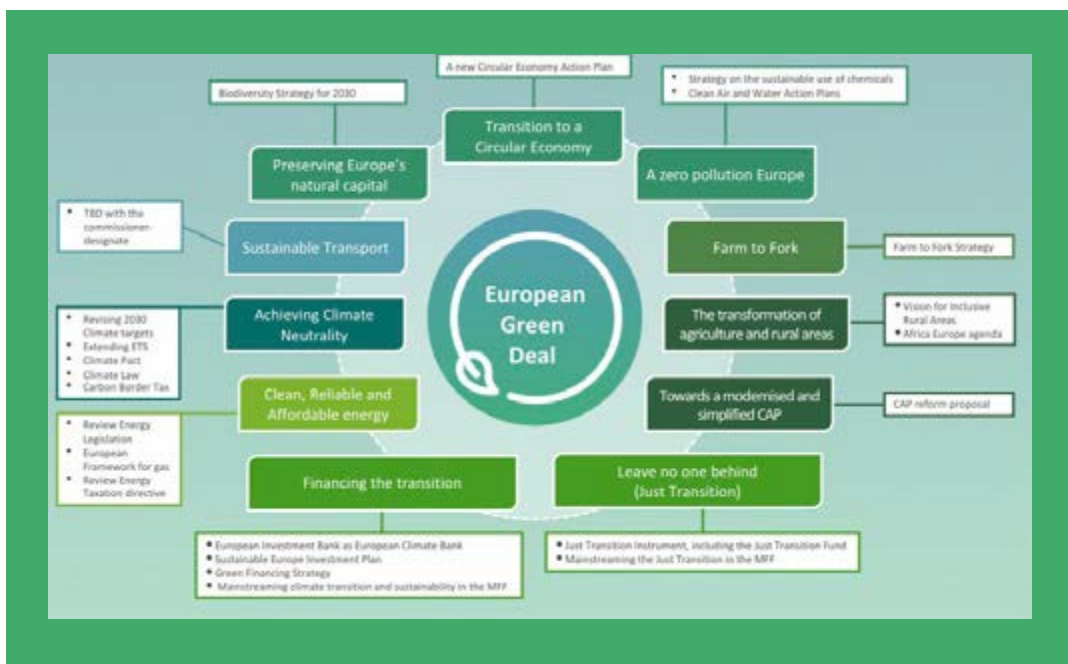

**79%** agree that taking action on climate change will lead to innovation

· What are the Sustainable Development Goals (SDGs)?:

The SDGs are a global agenda adopted by the United Nations in 2015 to end poverty, protect the planet and ensure peace and prosperity for all. The 17 SDGs cover a wide range of issues, from poverty and hunger to education and gender equality, climate change and peace and justice.
